CAR Rally School

Saturday April 9, 2005

Island Rallysport Club

This Rally School will teach you about the different kinds of events, then concentrate on giving you all the details you will need to compete and enjoy TSD (Time-Speed-Distance) navigational style rallying. TSD rallies are NOT a high speed racing type event, but to enhance and test your driving and navigational skills, and no special modifications are needed to your car. This course will cover the basics for a newcomer interested in this exciting and growing sport. The topics to be covered include the following: Event Preparation, Crew Preparation, Car Preparation, Calculations, Day of the Event Procedures -- before -- during -- after. We will include lunch, followed by two sample novice **gravel** rallies. Our course structure is flexible, allowing plenty of time for questions, examples, and hands on practice with rallyists with years of experience.

**Please pre-register. Cost: \$30 per person, which includes lunch,
if you pay by April 5th.**

After that it's \$35 per person. 10 participants min. & 20 maximum
Everyone gets handout materials, and copy of the BC Rally Regulations.
