Rally Cross is a timed rally-based motorsport competition designed to test the skill and consistency of the driver on a gravel slalom course. All runs count towards the total time for each day which is determined by adding up the times for each run. For regulations, refer to CARS National Rallysprint Regulations 1.0 Rally Cross at [www.carsrally.ca](http://www.carsrally.ca).

**IMPORTANT:** Mount Washington Alpine Resort has allowed Island Rallysport Club the use of its gravel facility if competitors and workers of this Rally Cross stay overnight at official resort accommodations. Please book your overnight stay at Deer Lodge through the resort as early as possible. Mention "Island Rallysport Club" to get the Rally Cross rate \$119 + taxes for a one bedroom. Larger suites are available upon request. Please do not book your accommodation elsewhere. IRC wants to be able to come back for Rally Cross at this site in 2007!
