

Saunders Subaru Island Novice Series #2 **& Storm the Island TSD**

This is the second round of the 4 part Novice Series organized by Island RallySport Club and sanctioned by RPM & CARS and run under their Rally Regulations. Starting in Colwood and ending in Langford, this TSD rally is a great way to be introduced into the sport of rallying. Whether you're a novice, just out there to see what rallying is all about, or you're just brushing up on your skills, this is a great way to spend a day and enjoy the sport. All road legal cars are eligible for entry. For the Novice event we are running two classes, Novice and Expert. This way, if this is your first time, you're not competing against experienced teams. For the STi, which we will be running at the same time, over the same course, we will have the following classes:

- Unlimited, which, just like it sounds, may use any kind of equipment
- Equipped, accessory odometers and non-programmable calculating devices which are not driven by a wheel may be used
- SOP, Seat Of Pants, no calculating devices of any kind, factory odometers only.

Novices may enter either Equipped or SOP class as long as they comply with the requirements of that class, as listed above. You will be scored in both events if you wish, but must indicate this on the entry form.

Note: Originally STi was to be a longer event, but some changes in logging roads have eliminated those and we have had to reduce the size of the event to accommodate. The Novice fee will now apply.

This all pavement rally is approximately 215 km long, and will take you along only paved back roads on the southern part of the Island. The route will be challenging yet scenic. Whether this is your first or fifth event you'll enjoy it to the end.

All vehicles entered must be in good working order. The car must be owned by one of the two team members or you must have written permission from the owner for it to be used in the rally.

Sunday Apr 9/06
